

Midas-926 Gateway

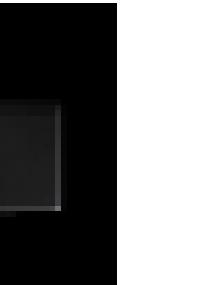

Quick Start Guide

Preparation

Step 1:

Download Helium Wallet App from the App Store or Google Play. Start Helium Wallet App and create your wallet.

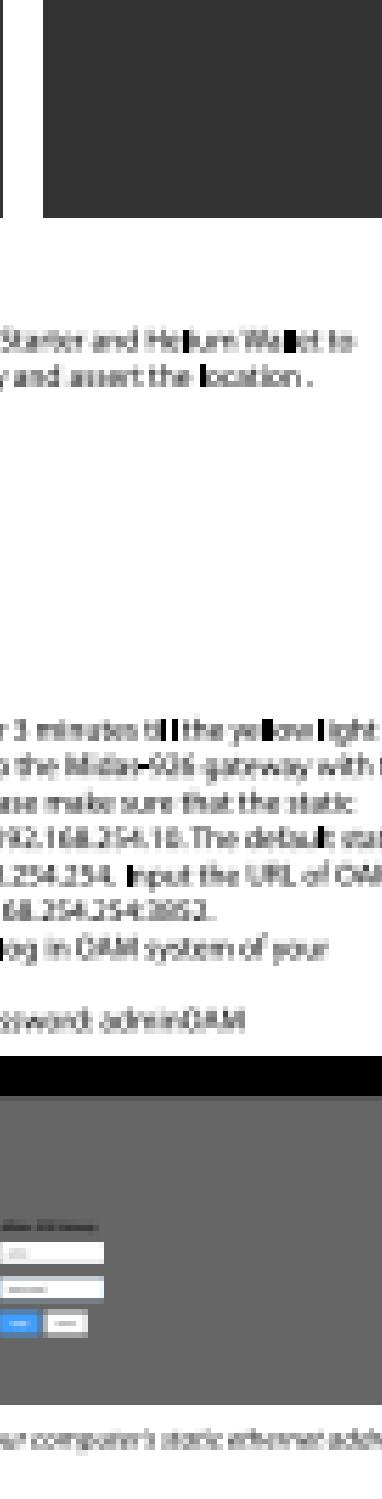

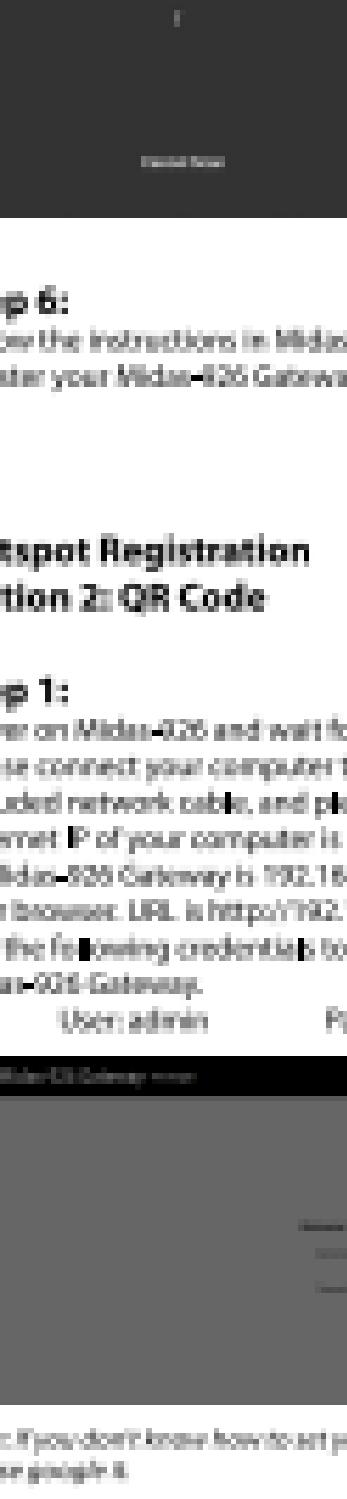

Step 2:

Download Midas Starter App from the App Store or Google Play.

Step 3:

Sign in Midas Starter by linking Helium Wallet to Midas Starter.

Step 4:

Select Add Hotspot in Midas Starter.

Step 5:

Select Midas-926 Gateway in Midas Starter.

Step 6:

Follow the instructions in Midas Starter and Helium Wallet to register your Midas-926 Gateway and insert the location.

Hotspot Registration

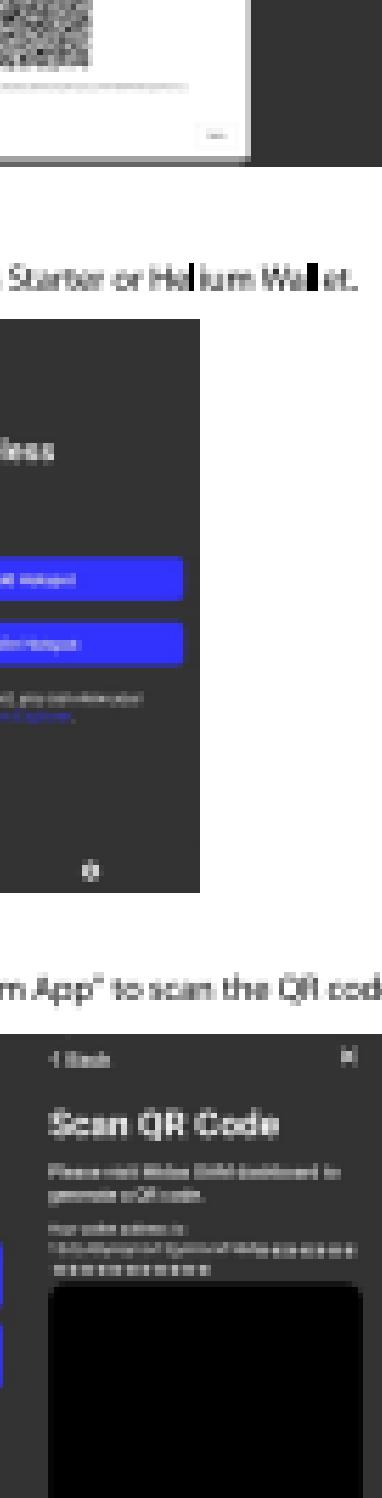

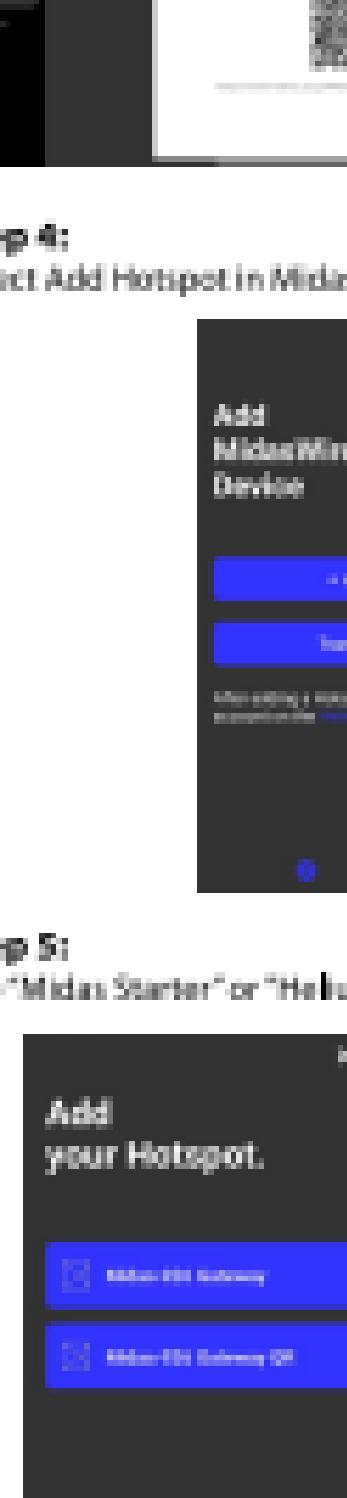

Option 1: Bluetooth

Step 1:

Select Add Hotspot in Midas Starter.

Step 2:

Select Midas-926 Gateway in Midas Starter.

Step 3:

Follow the instructions in Midas Starter and Helium Wallet to register your Midas-926 Gateway and insert the location.

Note: After binding your Midas-926 to your wallet, you can disconnect Midas-926 from your computer. We recommend connecting your Midas-926 to the internet with a network cable for a more stable network environment.
